Service description

CRISP Wireless provides an internet service to your premises via Fixed wireless technology to deliver fast internet. Our install team will position a small receiver dish on your roof that talks to our network via one of many transmission towers around Regional W.A. We will connect the antenna to your router via a data point or direct cable connection within your premises.

Availability

CRISP Wireless is only available if your premises have line of sight to our towers. You can check availability by contacting our sales team on 1300 027 477 (1300 0CRISP).

Requirements

To facilitate connectivity, you will require a router, however, we do not provide technical support for a BYO router.

Our router prices start from \$150. Our team will program the router for you prior to installation, enabling you to achieve immediate internet connectivity once the installation is complete.

Minimum term

CRISP Wireless Enterprise minimum plan is on a 36-month fixed-term contract (early termination fees apply).

Setup fees (Standard Install)

Contract Term	Charge
36-month	Free Install
Additional Residential Connection	\$500
Shorter Contract Term	POA

Installation charges

On the day of installation, our team will provide you with an electronic quote advising which (if any) of the following charges will apply:

Installation type	Charge
Extended Mast	POA
Brace bar	\$50
Additional cabling Applicable to ground floor installations or large premises	\$100
Router setup fee If you request us to set up a router you provide	\$20
Additional parameters Conduit, raked ceiling, architectural issues	\$110/hr
Elevated Work Platform Hire 4 hours	\$450

Other charges

Item	Application	Charge
Direct Debit Rejection Fee	Direct Debit Rejection	\$15
Late Payment Fee	Any invoice not paid on or before the due date	\$15
Early Termination Fee (ETF)	Applicable when service is terminated during contracted term	Refer below
Relocation / Moving Service	Applicable if service needs to be relocated/moved after installation	\$350 minimum Refer below

*** All antennas remain the property of CRISP Wireless Pty Ltd.**

Early termination charges

If you enter a fixed-term contract and cancel during the term, early termination fees (ETF) are applicable.

A Customer can terminate a CRISP Wireless Enterprise Plan contract during the contract term by giving 30 days' notice in writing. The Customer will be liable for an early termination fee (ETF) equivalent to the total term contract fee prorated to the remaining period of that contracted term plus the cost of any add-ons including telephony to the standard offering if they are amortised over the period of the contract.

Regardless of your contract term, the hardware on your rooftop remains the property of CRISP Wireless and will be collected within four weeks of service cancellation. If we are not granted and facilitated access to the property during this time, an additional fee of \$150 will be charged.

Service Relocation

If you choose to move to a new address and wish to relocate your service, a \$350 relocation fee will apply. This fee covers a standard installation only. Additional installation charges may apply, see the Installation Charges section for more information.

If you entered into a fixed-term contract and are moving to a non-serviceable location, or for any reason decide not to proceed with the relocation, early termination fees will apply.

Plan changes

Plan changes can be requested by contacting our team via raising a ticket in our [Customer Portal](#), or by telephone on 1300 027 477 during business hours, Monday to Friday. Plan changes can take effect immediately or be scheduled for a later date. Once your plan is changed, you will see a charge or credit to reflect this on the day that the plan changes occur.

Fair Use Policy

You must comply with our Fair Use Policy and not use the service in a manner which is unreasonable, unfair, or unacceptable as defined in the Policy. We may act if you breach the Fair Use Policy, including suspending or cancelling your service.

Invoicing & Payment

Invoicing – Pre 25/07/2023

Dispute resolution

If we are unable to resolve an issue to your satisfaction and you would like to raise a dispute or complaint, please follow our [Complaints Handling Process](#).

Further Options

If you are dissatisfied with the outcome after following our [Complaints Handling Process](#), you may contact the Telecommunications Industry Ombudsman (TIO) for independent mediation.

As the TIO is an office of last resort, they cannot accept your complaint less you have first given us the opportunity to consider it. The TIO can be contacted by calling 1800 062 058 or by visiting the TIO [website](#).

Handy Information

Devices connected via Wi-Fi may experience slower speeds than those connected by Ethernet cable. Also, the number of users simultaneously accessing your service either via direct cable to your router or by Wi-Fi may impact on the performance of your service.

Your Fixed Wireless service **WILL NOT** work during a power outage unless you have a backup power supply.
